

ARE YOU READY?

- R**efresh your walk with God
- E**nrich your vision for Christian education
- A**pply insights, revelation and knowledge in your context
- D**evelop your ability to articulate Biblical priorities in your practice
- Y**awn from some (just a few) early morning and late night study

If this sounds like you, then you are **READY** for BTI's Master of Professional Practice

Of the first paper 'Being Christian, Being Professional', a current student wrote;

"This journey wasn't what I had expected - In fact, it's been more than I could ever imagine - challenging and transformative"

BTI's Master of Professional Practice is designed for anyone involved in a people-helping profession who wishes to develop further as a Christian professional. Pathways include Teachers, Leaders, Board of Trustee members, Proprietors, Lawyers, Social Workers, Counsellors, Chaplains, Youth Workers and Pastors.

The creative learning experiences within the programme equip and enable participants to engage with research and reflective inquiry into their professional practice in order to improve understanding of that practice and increase its intentionality and strategic alignment with the biblical narrative and the intention to grow a faithful expression of the Kingdom of God on earth.

Those who complete a 90 credit thesis can graduate with an endorsement.
E.G. Master of Professional Practice (Education); Master of Professional Practice (Counselling)
as long as the thesis focus is consistent with your professional preparation.
